I. CALL TO ORDER AND ROLL CALL

Dr. Herro called the Board's meeting to order at 3:00 p.m. Roll call of the Board members was taken and a quorum was established.

II. DECLARATION OF CONFLICTS OF INTEREST – A.R.S. § 38-503

There were no conflicts of interest.

III. ANESTHESIA & SEDATION NOTICE OF PROPOSED RULEMAKING (“NPR”)

The Board reviewed the NPR and comments received during the public comment period. At the Board's request, Dr. Harris provided clarification on the comments he submitted and stated that there is a need to define high fidelity sin-man training, hours of acceptable courses and clarify what a sin-man mannequin is. Additionally, Dr. Harris requested that the Board consider defining the training in such a way that allows private entities to provide the courses because currently there are not many courses in Arizona and there is a huge need that will need to be met if the rules pass as is. Dr. Harris further expressed concern that when the rules become effective, it may only give providers a short period of time to execute the new requirements. Ms. Thomas subsequently informed the Board that they may request a delayed effective date to give licensees enough time to prepare for the new requirements.

Mr. Goodman joined the meeting at 3:08 p.m.

The Board continued to review comments received for the definition section.

Ms. Penna joined the meeting at 3:22 p.m.

Motion: Dr. Herro moved to accept the edit that Dr. Caputo proposed for the definition of “Enteral”.

Second: Mr. Dynar

Vote: 7-aye, 1-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

Dr. Seaman voted against the motion.

Motion: Dr. Herro moved to accept the edit as proposed by Dr. Caputo for the definition of “Minimal sedation”.

Section: Dr. Christensen

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

Motion: Dr. Herro moved to accept the edit that Dr. Caputo proposed to change the word “modestly” to “mildly” for the definition of minimal sedation.

Second: Dr. Christensen

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

Motion: Dr. Herro moved to accept Dr. Snell’s edit for the definition of “Section 1301 Permit”, to replace the word “and” with “or” before deep sedation.

Second: Dr. Christensen.

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

Later in the meeting, the Board rescinded this motion.

Motion: Dr. Herro further moved to add the word “or” after deep sedation, in the definition of “Section 1301 Permit”.

Second: Dr. Morrow

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

Motion: Dr. Herro moved to accept the edit to add the statutory reference in the definition of “QAP”.

Second: Dr. Christensen

Vote: 6-aye, 2-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

Mr. Dynar and Dr. Seaman voted against the motion.

The Board proceeded to consider Dr. Harris’s comment to add a definition for “high fidelity human simulation”. After discussion, the consensus of the Board was to accept the suggestion to define high fidelity human simulation at a later time.

Motion: Mr. Dynar moved to make the definitions for 1301,1302 and 1303 consistent.

Second: Dr. Herro

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

The Board proceeded to review comments submitted for A.A.C. R4-11-406. The Board reviewed Dr. Caputo’s comment in which he questions why there appears to be a decrease of fees for 1302 and 1303 Permits, but not for 1301. The Board clarified that the fees are based on the renewal periods of each permit.

The Board proceeded to review the comment submitted for A.A.C. R4-11-1203 regarding the change of hour requirements. The Board clarified that it was a base text issue and indicated that the total hours should remain at 63 hours.

The Board also addressed the Health and Safety Institute's comment related to credit hours in Basic Life Support Health Care Provider Level endorsed by the American Heart Association.

Motion: Mr. Dynar moved to reject the Health and Safety Institute's comment because adding American Heart Association is not a substantive rule change.

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

The Board proceeded to review comments submitted for A.A.C. R4-11-1301. Dr. Caputo elaborated on his comment for the Board to consider eliminating the list of emergency drugs and instead incorporate language to state the permit holder maintains an action plan for the conduct of any sedation or anesthesia procedure according to state and national standards such as AAOMS and ASDA.

Motion: Dr. Herro moved to reject Dr. Caputo's edit because it is a best practice thing and the rules do not prevent someone from creating an action plan.

Second: Dr. Morrow

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

The Board proceeded to review Dr. Fukami's comment regarding a neuromuscular blocker such as succinylcholine which was omitted from the list of emergency medications.

Motion: Dr. Herro moved to accept the portion of the edit to insert succinylcholine, but rejected the edit to include IV dextrose because adding a new medication would need to be further discussed before adding it in rule.

Second: Dr. Christensen

Amended Motion: Dr. Herro moved to add "neuromuscular blocker" to the list of emergency medications instead of limiting it to succinylcholine.

Second: Dr. Morrow

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

The Board proceeded to discuss Dr. Caputo's comment to remove subsection B(6). Dr. Caputo explained that there is no literature to demonstrate improvement to or benefit for patient safety by having high fidelity human simulation continuing education.

Motion: Dr. Herro moved to accept Dr. Caputo's recommendation to remove subsection B(6).

Second: Dr. Christensen

Vote: 8-aye, 0-nay, 0-abstain, 0-recuse, 3-absent. Motion passed.

The Board proceeded to review comments pertaining to the CE requirements for a pediatric endorsement. The Board discussed Dr. Caputo's comment regarding subsection D, in which he requested an adjustment in CE requirements.
